BRITISH PUB™

MAD DOGS STORY

It was once said that British influence spread so far across the globe that "the sun never set on the British Empire."

From Britain's early history, when its inns and taverns were compelled by royal decree to offer refreshments, bed and board to the weary traveler, the pub has been a vital part of that culture.

While the British Empire may no longer span the globe, we still believe in carrying on that tradition of great food, great refreshments and great hospitality for visitors from our opening location in Hong Kong, to right here in the heart of Texas.

So raise your pints, yards,
and scotch (but not your kilts)
and may the sun never set on the pub!
